Monday

I went to school and I saw my friends (Justin, Antoine, Lou, Mathilde) . We went to the German class with my penfriend, Flora and Antoine, Lou, Nicolas, Laura and their penfriends. The class was boring because we don't speak German. We had two hours of German, very bad...

At 10 o'clock am we went ice skating. It was very cool. At the begining I hold the side but after some time i was better at skating, I think. Justin and Lou were very bad :). I fell down twice. It was cool because we did the conga. One thing was bad, my feet were in fire.

After I ate an ice cream with Laura, Perrinne and our penfriends. I took a vanilla ice cream it was very good.

After that Flora, Nicolas, Lukas and me went to the mini golf it was so difficult but it was so good.

In the end we went home and that was the end of the day.

Simon.
