Tout s'est bien passé. Un bon groupe, sympathique et à l'écoute. Voyage sans problème si ce n'est la bombe de la deuxième guerre mondiale découverte à Wesel et en train d'être désamorcée à l'heure de notre arrivée. Ce qui nous a obligés à descendre à une autre gare.

Today I was so happy because I was going to Germany with my penfriend. Her name is Anna Gramm. At 8 am with Manon we went to the train station. We took the train to go to Paris. After we went into the underground. It was so nice and so cool ! In the train, we ate it was delicious. I was so happy of my afternoon. My penfriend is so nice and her family too. I am so happy with them.

Romane

We arrived at Saint Pierre des Corps station and at around 9 am, we left our parents and we took the train to Paris. Then we took the metro, it was hard with the suitcases in the stairs. The metro went super fast, it was great ! We arrived a little early gare du Nord, so we waited for the Thalys, a super nice train. We stopped at Liege where there was a big Rubix Cube. At Cologne, we took pictures and waited for the next train to Wesel. Finally, we met our penfriends and went each into our families. It was a little stressful but in the end it was cool.

Wendy

Today was a special day for us. Meeting our penfriends was not easy. We were blocked by a world war II bomb ! Finally we arrived, I met my penfriend's family and I ate too much...
