First day in Wesel

Aujourd'hui découverte du lycée « Konrad gymnasium » , visite guidée de ce très bel établissement puis cours avec les correspondants, déjeuner à la cantine et enfin rallye à Wesel. Nos petits élèves français sont, pour le moment, enchantés, à l'écoute et très positifs dans leurs remarques ce qui est bien agréable pour nous.

In the morning, I went to school by bike with my penfriends. At school, we dropped our bikes and we all went up to a big room. Then we visited the school with our penfriends. They have a big playground with ping pong tables. Their school is so big that I was afraid of losing myself. I went to a maths class with my penfriends, at first, but after I was busy. Then, we went to a French class, we did a questionnaire, then we did a quiz. Then, my penfriends went to the swimming pool and I stayed at school and went to an English class with Manon L and her penfriends. I noticed in German school, the boards are different. Then we ate in the cafeteria. After that, we went to Wesel to do a rally. We had fun. When we returned, we went back home by bike with Lina, my penfriends. From 6pm to 7:30pm, we went to badminton, with Vaena and her penfriends. Then we had dinner.

Alana

Today, I spent the morning in school and the afternoon I did a rally in Wesel. At 6:30pm, Sophia and I went to Sophia's training (badminton).

In the evening, I ate and I went to sleep.
